1981 HIGHLIGHTS

PARK CITY LIBRARY - A bond of $750,000 was passed to restore the National Historic Miners Hospital built in 1904, into a unique public library. The bond will provide for renovating, books, furniture, landscaping, and parking.

WASHINGTON COUNTY LIBRARY - The new library officially opened its doors November 5, 1981 with the dedication that evening. The construction costs of the building were $2,028,000, and new books furnishings and equipment costing $175,000. The total area of the building is 21,076 square feet, which includes services like a darkroom, typing room, auditorium and other amenities.

EMERY COUNTY LIBRARY - Construction on five new libraries were mostly completed in 1981. Four of the libraries located in Orangeville, Ferron, Greenriver and Emery were 2400 square feet and cost approximately $100,000 each, and will be dedicated April 5, 1982. The fifth library located at Castle Dale 2,800 square feet, 400 extra for the county headquarters, will be dedicated April 12, 1982. All five libraries have added new books and have new programs planned for the public.

NEPHI PUBLIC LIBRARY - The library has been moved to new quarters in the remodeled new city building. The new facility has all new furnishings and allows for expansion.

PAYSON LIBRARY - Moved into a new 12,00 square foot library facility in the Payson City Complex. A new circulation desk, new shelving and some additional books were provided for the library. Open house is set for May 21, 1982.

ENERGY INFORMATION PROJECT - Through the financial support of the Department of Energy Region 8 offices, eight Utah libraries (Murray, Price, Provo, Salt Lake City, Salt Lake County, Uintah County Washington County, and Weber County) received books and periodical subscriptions on energy-related information. The total grant for Utah was over $30,000. In addition, the State Energy Office provided thousands of copies of the publication Pull the Plug, Stop Home Energy Waste for distribution free of charge to their patrons.

BARS FOR UTAH'S LIBRARIES - Following an April Conference sponsored by the State Library, a Steering Committee on Bibliographic Access and Resource Sharing (BARS) engaged in an intensive planning process aimed at formulating a multi-type library resource sharing network. Participants in the planning process represented all types of libraries from across the state. Publication of a network proposal was included with draft two of the Utah Plan for Library and Information Services for discussion at regional hearings around the state. Implementation of the network is expected to be a major emphasis in the future.

UTAH PLAN FOR LIBRARY AND INFORMATION SERVICES - During 1981, major progress in the establishment of a statewide plan for the development of library services in Utah culminated in the publication of the first draft of the Utah Plan for Library and Information Services. The plan is being developed by the Utah Advisory Committee on Library and Information Services under the sponsorship of the Utah State Library Board. The plan is expected to be finalized during late spring of 1982.

I. INSTITUTIONAL LIBRARY SERVICE (L.S.C.A. TITLE I)

During the Fiscal Year 1980-1981, Title I Funds provided the following for our state's institutions.

State Prison	Purchased books, equipment and magazines.
State Training School	Purchased AV equipment, books and materials.
State Hospital	Purchased books, magazines, supplies, AV materials and equipment.
State Industrial School	Purchased books, and paid librarian's salary for part of year.
State Schools for Deaf and Blind	Paid salary of part-time library assistant.

II. SPECIAL SERVICES DIVISION

Services to the Blind and Physically Handicapped (L.S.C.A., Title I).

During the Fiscal Year, 1981, Title I and State Funds were used to extend library services to the Blind and Physically Handicapped people in Utah. Wyoming contracted with the State Library for total library service to the Blind and Physically Handicapped people. The states of Idaho, New Mexico, Nevada, Colorado, Montana, North and South Dakota, Alaska, and Nebraska contracted with the State Library for braille services only.

The Utah State Library for the Blind and Physically Handicapped is the Multistate Center serving 16 western states. As such, Utah is a back-up in service and collection to the Regional Libraries in the West.

During Fiscal 1981, the State Library circulated books to the Blind and Physically Handicapped in five different formats, i.e.: braille books, talking books, books on tape, large print books, and cassette books. In addition to these services, the library has provided a Radio Reading Service which broadcasts the four state-wide newspapers daily to its patrons.
